Understanding Business Structures in Arizona

Before diving into the registration process, it's important to choose the right business structure. Your choice will affect your legal liability, tax obligations, and ongoing compliance requirements.

Common Business Structures in Arizona

1. **Sole Proprietorship:** Simplest form, owned by one individual, no separate legal entity needed.
2. **Partnership:** Two or more individuals share ownership and responsibilities.
3. **Limited Liability Company (LLC):** Offers liability protection

with flexible management structures.

4. **C Corporation:** A separate legal entity, suitable for larger companies and those seeking investment.
5. **S Corporation:** A tax status that allows profits and losses to pass through to shareholders.

Choosing the correct structure depends on factors like liability, taxation, and your business goals. Consulting with a legal or financial advisor can help determine the best fit.

Step-by-Step Guide to Registering Your Business in Arizona

1. Choose Your Business Name

The first step is selecting a unique and compliant business name that reflects your brand and is available for registration.

1. Conduct a name search using the Arizona Corporation Commission's (ACC) online database to ensure the name isn't already in use.
2. Verify that the name complies with Arizona naming rules and doesn't include restricted words unless approved.
3. Consider registering a "Doing Business As" (DBA) name if operating under a different trade name.

2. Register Your Business with the Arizona Corporation Commission

Depending on your business structure, registration procedures vary:

For LLCs and Corporations

1. File formation documents, such as Articles of Organization (LLC) or Articles of Incorporation (Corporations).
2. Submit your documents online through the ACC's e-filing portal or by mail.
3. Pay the required filing fees, which vary by entity type.

For Sole Proprietorships and Partnerships

1. You typically do not need to register with the ACC unless operating under a DBA name.
2. File a Trade Name Registration (DBA) with the county or the state if applicable.

3. Obtain Necessary Permits and Licenses

Arizona requires certain businesses to obtain specific permits or licenses to operate legally.

1. Check with the Arizona Department of Revenue (ADOR) for state sales tax licenses if selling taxable goods or services.
2. Visit local city or county government offices to determine if local permits are required.
3. For certain industries (e.g., food service, health care, construction), additional licenses or certifications may be necessary.

2. Obtain an employer identification number (EIN) from the IRS if hiring employees or if required for your business structure.
3. Register for other applicable taxes, such as withholding taxes for employees.

5. Obtain an Employer Identification Number (EIN)

An EIN, also known as a Federal Tax ID, is necessary for most business types, especially if you plan to hire employees, open a business bank account, or operate as a corporation or partnership.

1. Apply online for free through the IRS website.
2. Alternatively, complete Form SS-4 and submit it by mail or fax.

6. Open a Business Bank Account

Separating your personal and business finances is essential:

1. Choose a bank that offers business accounts tailored to your needs.
2. Prepare your formation documents, EIN, and any licenses or permits needed.
3. Open the account to establish your business's financial identity.

Additional Considerations and Tips

Registering for Local Licenses and Permits
